**From: Victor Warrington**

---

All freight deliveries conducted by an external freight company will require your payment before release of goods from our factories. We will forward you a waybill number to confirm collection. Please fax or E-mail proof of payment ASAP to avoid delay. Freight companies no longer collect payment on our behalf.

Any damaged or shortfall of goods delivered by freight companies must not be signed for unless checked. Any discrepancies must be taken up with them directly. No claim can be lodged with our company unless it is a factory defect.

All deliveries by our vehicles are COD. Proof of payment must be handed to our driver or e-mailed to our office before goods are placed on your premises. Please check before you sign that all is correct and in good order.

All collections are to be prepaid and proof of payment supplied. No claim can be made against our company after collection.

Many Thanks,

**Vic Warrington**  
(CEO)
